CAVE-IN TRAPS MAN

Tons of Dirt Smother Victim

Covered by tons of loose dirt when a cave-in occurred, Frank Joe, about 50, was smothered to death yesterday while locating a sewer connection at the bottom of a 16-foot pit.

Joe was working with Norbert Pfeifer at 187 Bellevue when the accident occurred. Pfeifer immediately sent for help and succeeded in getting the victim's head uncovered, but before the Daly City Fire department arrived, another slide covered Joe again.

Police and firemen dug furiously for almost an hour before reaching the body, but as additional slides hampered them, were forced to abandon hopes of getting Joe out alive. Another pit was dug so that the body could be removed without danger of additional slides.

Joe was a long-time resident of Daly City, having lived for many years on Hillcrest drive. He leaves a wife and several children. He was a member of Colma-Vista Grande Aerie No. 1848, Fraternal Order of Eagles.

Feline Gives Birth To Quadruplets

"Muscat," a feline mother at 182 Los Olivos avenue, gave birth to quadruplets yesterday. Unusual about the birth of these kittens was the fact that they were born Siamese fashion, joined to one another by skin.

Learning of the phenomenon, Poundmaster Archie Banfield, contacted the biology department of the University of California to learn if they wished to raise and study the kittens.

S. F. Airport

A prediction that San Francisco Airport (formerly Mills Field) on Bayshore highway in San Mateo county will become an integral part of the nation's huge naval defense program was made today by Captain M. B. Doolin, airport manager.

Back from Washington, where he spent two weeks assisting several aviation committees working on U. S. air defense plans, Captain Doolin forecast that both the local airport and Treasure Island would become key units and would be developed accordingly.

Old Sol

The hottest June 7 in ten years was reported in Burlingame and San Mateo last week.

Peninsula residents agreed that Old Sol was out-doing himself as the thermometer rose to 84 degrees at 2 p. m. Weather continued "fair" over the week-end.

Students To Fly

Twenty Stanford students will this week start on an aeronautics course under the Civil Aeronautics Authority program.

Stanford is one of the three groups participating in a research project to ascertain the amount of study required to master "safety planes" which are spin-proof and equipped with tricycle landing gear.

After the three month course, students will then learn to fly in conventional planes. Approximately 1750 students in the four western states will participate in the training program.

Keep A Good Man At The Helm

(Editorial)

The third term has been joked about, argued about, condemned, condoned, earnestly advocated and as earnestly deplored.

Under ordinary circumstances there would be no question that we should follow our traditions and hold to the two-term plan for our president.

These are not ordinary times, however. This nation faces war—the most horrible and devatating war the world has ever seen. The United States must protect itself, must aid as well as it can the battle to maintain democracy. We need an experienced and sincere man to stand at the head of our government . . . not as a dictator, but as a leader in whom we may place our trust in this hour.

Roosevelt has served us well in these turbulent years of economic stress. All of us have not always agreed with him, of course, yet there can be no question of his sincerity, of his deep and abiding love for the American people.

We feel, in the light of the present situation, that Roosevelt should be asked to stay at the head of our government. He has ever been a champion of our kind of democracy and we know he would not violate the trust placed with him in this emergency.

Council Endorses Red Cross Appeal

An emergency appeal by the Red Cross for funds to aid Europe's stricken war refugees was endorsed by the Daly City council Monday evening.

"In drafting our summer program," explained Bruce H. Boynton, local department head, "we have taken into consideration the fact that children need extra activity to take the place of school work and have arranged our program accordingly. Adult classes and sports have been increased also."

The new route and schedule of the municipal busses put into effect last week was described as a "rank failure" by council members Monday night.

Mayor John J. Fahey exploded a bombshell by announcing that he had been approached by a potential purchaser interested in buying the bus system and operating it in Daly City.

After several heated and differing views had been heard, the council called an informal meeting for 8 p. m. tomorrow evening at the city hall, to which all interested persons are invited.

Bid for a new pump for the Daly City Water department, totaling $2,927, was laid over for further study.

Hunting for Hero

Boy Scout E. L. Montgomery of Parsons, Kan., saved a man from drowning in the Elk river last July 4, but he forgot to get the fellow's name. It took Scoutmaster Dan Devin weeks to track him down so he could get him to sign a petition recommending a medal for Montgomery. He said he was glad to know who it was that saved him because the day it happened he was too excited to inquire.

Winner of fourth place in the State for accuracy among first year students, Kathleen Day typed for 15 minutes with no errors, averaging 45 words a minute. Ane Mjehovich, who won tenth place for second year students, typed for 15 minutes with only 2 errors, averaging 51 words a minute. Both students will receive medals.

Canadian Sport Fishing

Remarkable progress in the development and extension of sport fishing areas in the national parks of Canada is reported by the department of mines and resources, Ottawa, which administers Canada's system of national parks. As a result of biological surveys and subsequent stocking operations in the various lakes and streams, particularly waters once barren of fish, visiting anglers may now enjoy good fishing in many waters where previously there was little or no fishing available. One of the outstanding achievements has been the successful introduction of the speckled trout from its native haunts in eastern Canada into many of the clear, cold waters of the national parks in the Rockies.

cles here as Mitchell's outstanding achievement was made known.

Mitchell is well remebered as valedictorian of the class of '39 at Jefferson Union high school. A polished speaker, a brilliant student, and an ace on the trumpet, Mitchell's high school career was remarkable in every respect.

Mitchell held the position of student-body president at Jefferson and was a charter member of Lembi's famous Indians of Rhythm. He made numerous stage and radio appearances with the high school band, both as a clever emcee and as a featured trumpet soloist.

He is the son of Mr. and Mrs. Willard Mitchell sr., 551 Vista Grande avenue. His younger brother attends Woodrow Wilson grammar school. It is expected that Mitchell will return home for the summer months before resuming his studies at Stanford next fall.

During the past year, Mitchell has been playing professionally with the "Rhythm Kings," Peninsula dance organization, and holding down various other jobs to defray his expenses at Stanford.

He is the first student to go directly to Stanford from the local high school, and made a straight A report card during his second quarter at the university.

"Oscar Wilde" Comes To Curran

One of the most important dramatic events of the past seasons is scheduled to open a two week engagement at the Curran theatre, Monday evening, with the forthcoming production of "Oscar Wilde," the dramatization of the life of the genius who shocked a generation.

Wilde gave posterity some of English literature's greatest works. Such contributions as "Lady Windemere's Fan," "The Picture of Dorian Gray," "The Ballad of Reading Gaol" and his "De Profundis" will live as long as time itself.

He was a magnificent dandy, and incomparable wit, famous for his epigrams. He typified the "Mauve" decade that ended the nineteenth century. He was the leader of the esthetic revolt against Victorian morality.

For the first time in the theatre the amazing story of "Oscar Wilde" will be presented. His descent from the heights of fame to the depths of disgrace will be presented with the sensational new dramatic star Laird Cregar in the title role.

More than half of the principal skaters in the spectacular production have earned honors in world competitions.

Osborne Colson, still in his early twenties, won the junior championship of Canada in 1934 and the senior Canadian championships in 1935, 1936 and 1937, turning professional two years ago to join the cast of Ice Follies. Frances Claudet, of Ottowa, who is paired with Colson in a new double number, was a champion of the famous Minto club for six consecutive years and was co-holder of the Canadian pair championship. In 1932 she competed under the Canadian colors in the Tenth Olympic games. Both Miss Claudet and Colson, are gold medalists, the pinnacle of the figure skating sport.

Winners of seven important titles, Idi Papez and Karl Zwack have made appearances in more countries than any other Ice Follies star. Three times they won the Austrian pair title; in 1933 they were. Eureopean champions and four times, three of them in successive years, they were runners-up for the world title, once coming within .09 of a point of winning.

Commencement Gifts

Commencement time is here again—the same preparations for the exercises have been made; the students have been taking finals, attending senior balls; parents have lovingly purchased the usual commencement gifts—and yet, this year is **not** the same.

This year the students enter a world engaged in war. Even if the United States should escape the horrors of mechanized combat—it must face a world torn by strife—a world that has forgotten peace and the ideals held dear by all civilized peoples.

The usual congratulations to students sound hollow as we try to phrase them. They do not fit this commencement, for this year, graduates, along with the rest of our nation, face the gravest issue these United States have ever seen.

Commencement gifts—if they were ours to give—would include for every student the will to keep faith with right; the strength to cling to human decency and the ideals of civilized peace; the inspiration to survive a war-mad world; the courage to rebuild from chaos an earth pledged to security, justice and opportunity for all.

But it is not for anyone to give such gifts—these are the gifts youth must take for itself.

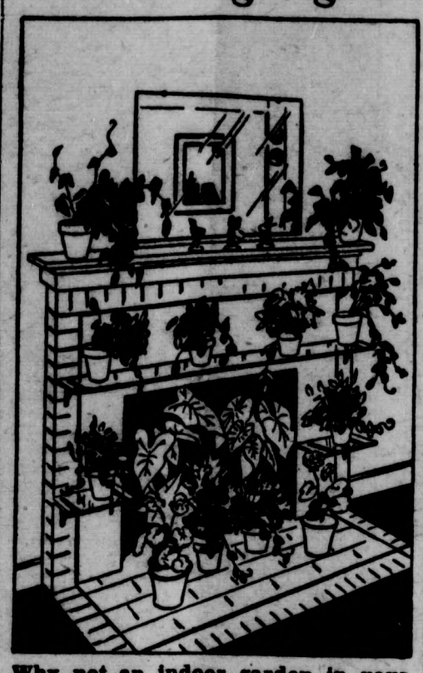
Home Highlights



Why not an indoor garden in your temporarily useless fireplace this summer? Sketched is a delightful arrangement achieved with little effort and expense. The fireplace, painted a light apple green, was fitted with three polished plate glass shelves of varying lengths. Potted plants created a conservatory effect, and gave coolness to the room. Over the mantel, a polished plate glass mirror was hung to reflect a picture on the opposite wall.

'Youthful' House Paint

Home owners faced with the problem of making old houses look younger may try coloring them with "youthful" paints. This can be done with almost any type of construction. Side walls of wood, brick, or stucco may be painted with paints specially prepared for each surface. Roofs may be covered with one of several different types of factory-colored shingles, and color accents may be provided in window blinds and front doors. A popular new exterior color combination consists of light salmon-colored walls, emerald-green roof, and a flame-colored front door.

Canada's War Steps

Registration of women for war service, if the need arises, is in progress at 60 polls throughout the province of Manitoba, Canada.

Crosby, Lamour And Hope Romp In South Seas

The new travel trend to sojourns in the South Seas has its motion picture counterpart in "Road to Singapore," the sportive film which Paramount releases tomorrow at the Daly City theatre, with Bing Crosby, Bob Hope and Dorothy Lamour in the leading roles, seconded by Charles Coburn, Judith Barrett, Anthony Quinn and Jerry Colonna, the redoubtable Professor of Hope's Pepsodent show.

The dean of the Kraft Music Hall and his old pal, Bob Hope, are reported to be in their finest form for this picture. They sing, they clown, they go to town, they get into brawls, and they look over the native girls, all to the accompaniment of at least five new hit songs as sung by Bing and Miss Lamour.

The story provided for the pair and Miss Lamour starts with Bing and Bob disposing of several romantic entanglements. Then they get away from Bing's father—Charles Coburn—by the simple process of starting a riot at the engagement party at which Bing's fiancee, Miss Barrett, is announcing the betrothal.

Next time the pair turn up it is in Kaigoon, a sleepy town in the South Seas. Their hate for women ebbs somewhat when they meet Miss Lamour, who proceeds to move in on them as housekeeper.

Then fate tricks the lads as Professor Colonna tells Papa where Bing is living, and he and Miss Barrett arrive with all sails set to sail into Bing. They find him at a native feast, and complicate the whole thing by getting him to promise to come with them on a world cruise, leaving Miss Lamour to Bob. It all gets straightened out, but only after plenty of horseplay and suspense.

Gene Autry and Jane Withers complete the bill in "Shooting High."

Buzzard Migration

The annual southward migration of buzzards was so great through San Gorgonio pass in California this year that the birds blacked out the sky. More than 4,000 of the birds were estimated to have made the mass flight south through the pass.

Poland Still on Map

Although Austria and Czechoslovakia have been rubbed off European maps, United States commercial mapmakers are standing firm on Polish territory. Light Ray Messages

Messages by light rays were described as an almost interception-proof means of communication during warfare by Dr. Phillips Thomas, research engineer of an Indianapolis electric company. The method would be especially effective in communication between the ground and planes in the air, he pointed out, asserting a message could be intercepted only by cutting into the beam directed at the plane. Other electrical developments demonstrated were a "sterilamp" which he explained would destroy all germs in a given confined area, such as a hospital operating room, and a "black light" which produces various colors.

Yacht As 'Oceanographer'

The S. S. Oceanographer is now charting the Nantucket shoals, called the "Graveyard of the Atlantic." The Oceanographer was formerly the private yacht of Morgan, the magnificent. The master suite aboard her, with its extra-sized beds and its mahogany paneling, is used by Commander Frank S. Borden, the Oceanographer's skipper.

Miniature Tennessee Mules

Lex Watson of Columbia, Tenn., raises miniature mules by crossing Shetland ponies and donkeys, says the American Magazine.

Weight of Comma

Scales balanced to weigh the ink in a comma are finding wide use in modern laboratories. A grain of sugar is considered massive on the microchemical balance. It weighs 69-1,000,000ths of an ounce.

The Pastry Gun

A pastry gun is an inexpensive little instrument that has been used for years by chefs and pastry cooks but has only recently become popular in the average home.

With it as an ally, the bride can turn her first dessert into an attractive dish, while the experienced matron can make pies and puddings that she never dreamed of before — desserts which have an eye appeal that brings instantaneous compliments from family or guests.

Note the growing appeal in the three desserts pictured, as the pastry gun completes its decorating job. Incidentally, this is an inexpensive milk dessert, so delicious that you should sample it whether you own a pastry gun or not. No eggs are needed. No baking or boiling necessary. Why not try it today?

Mocha Rennet-Custard

1 tablespoon ground coffee
1¾ cups milk (not canned or soft curd)
½ cup cream
1 teaspoon vanilla
1 pkg. chocolate rennet powder

Add coffee to milk and cream and warm slowly, *stirring constantly*. Test a drop on inside of wrist frequently. *When COMFORTABLY WARM*, (120° F.) *not hot*, remove at once from stove, and strain quickly through muslin or several thicknesses of cheesecloth. Add vanilla and stir in the rennet powder briskly until dissolved — *not over one minute*. Pour at once, *while still liquid*, into individual dessert glasses. Do not move until firm — about 10 minutes. Chill in ice box. Serve in the same glasses. Just before serving, top with unsweetened whipped cream by using a pastry gun to form an attractive design. For children, omit the coffee.

Ivy's Symbol

The ivy has always been a symbol of the clinging love of woman. The altar of Hymen, the Greek god of marriage, whose blessing was invoked at every wedding, was kept green with ivy. In the legend of Tristan and Isolde, two ivy vines, entwining, are a symbol of the undying union of the lovers.

Forty-five Pounds of Pennies

Forty-five pounds of pennies were collected by members of the Swedish Evangelical Mission church at Atchison, Kan., this year. They were the savings from small banks of members. The money will go to missions in China.

Daly City Boy Leads Carriers In "News" Contest

As The Record goes to press today, Bernard McDermott, Daly City boy, holds a substantial lead in the Grand Canyon summer contest sponsored by the San Francisco News.

In other words, it looks as if young McDermott, the son of Mr. and Mrs. Frank B. McDermott, 636 Templeton avenue, is going to have the kind of vacation that every boy dreams of—a ten-day tour visiting Grand Canyon (with an all-day mule trip to the floor of the chasm), Bryce canyon, Zion National park, Boulder dam, old historic mining towns in Nevada and a trip around Lake Tahoe.

This exciting prospect is the result of a great deal of hard work on Bernard's part, selling subscriptions to the News. Outdistancing several hundred competitors, Bernard holds a lead of 6700 points as against 6200 held by his closest rival.

The four highest ranking carrier boys will leave San Francisco for their thrilling trip across the desert early in July.

A junior at St. Peter's high school in San Francisco, McDermott has won outstanding recognition for his work with the News. Last month he was named City Champion, beating every boy in San Francisco in the number of new serves he secured. His name was engraved on the official City Champion trophy.

Rough Customer

A. C. Cooper donated Cricket, a six-year-old rhesus, to the Fort Worth, Texas, zoo. During his first 10 minutes in the "monkey island" colony at the zoo Cricket slapped down seven other monkeys, whipped two raccoons and grabbed three fish from the moat surrounding the island.

Even Christmas Simpler

Christmas tree decorations in Canadian homes will be simpler this year because of the war. Unless merchants can refill demands from stocks, ornaments will not be available. Most of them are made in Germany.

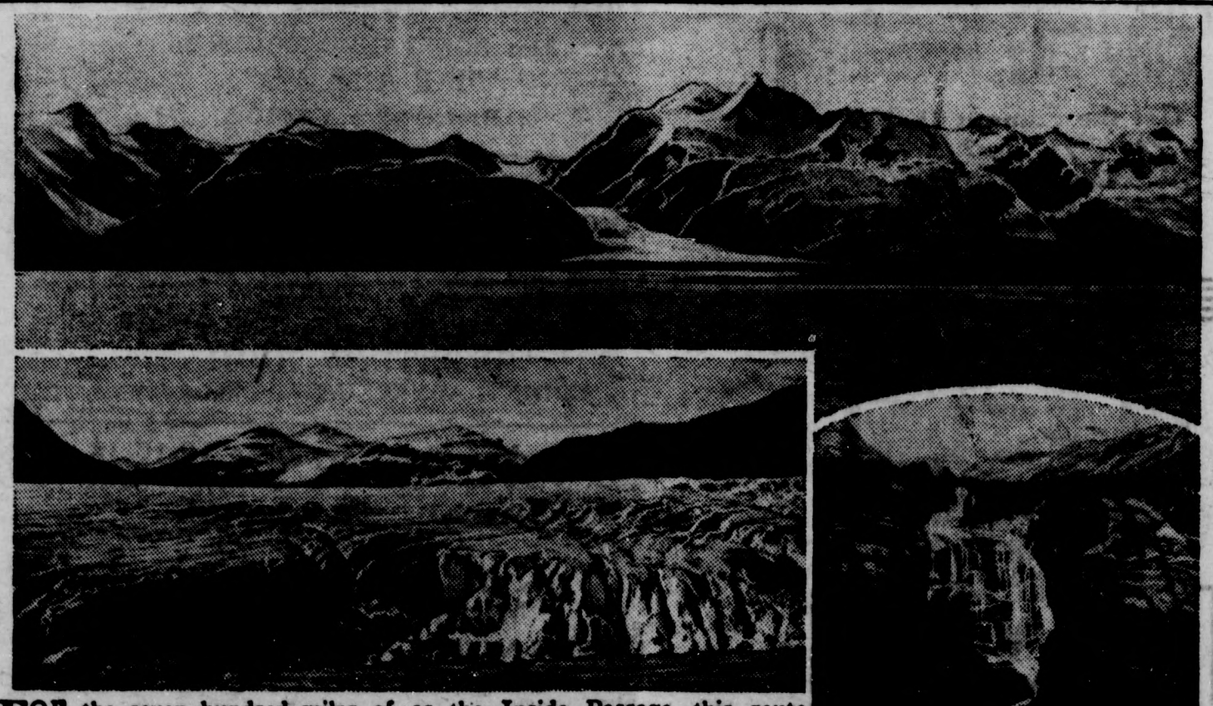
U. S. Farm Imports

U. S. imports of agricultural products, except forest products and distilled liquors, have averaged $1,582,000,000 annually for the past 16 years.

Discovery of Tangier

In June, 1608, during his exploration of the Chesapeake bay and the Eastern shore, Capt. John Smith discovered Tangier island and named it after the seaport in Morocco.

WORLD'S SAFEST SEA LANE



FOR the seven hundred miles of its length, the sea lane which skirts the coast of British Columbia is today the safest salt water route in the world, and the most beautiful. This is the route to Alaska from Vancouver and the channel lies between the towering peaks of the mainland and the forested mountains of the off-shore islands. Known as the Inside Passage, this route along which ply palatial steamers, fine yachts and humbler craft, outrivals the fjords of Norway and provides the outstanding salt water scenic trip of the world. It is one of the very few routes over which in the second World War, Americans are permitted to travel in ships of British registry.

D. C. All-Stars Defeat 30th Infantry

Daly City All-Stars, the WPA Recreation department's new baseball team, went to town in their first game, Saturday afternoon on the Jefferson diamond, against the Thirtieth Infantry from the Presidio. Score 8-6.

McDonald pitched a good six innings for the All-Stars, walking two and allowing five hits. Sam Lucia took over the mound in the seventh but after the Infantry made four runs in the eighth, he was replaced by Rettig.

Surprises of the game included Pat Sloane's newly acquired habit of stealing bases and the pitching of Rettig, a newcomer to local baseball. Rettig struck out three of the six batters who faced him.

Saturday the All-Stars will again play the Thirtieth Infantry. The game will be on the Infantry diamond at the Presidio. Roy Giusti, hard hitting left fielder of the Jefferson Varsities, will play short-stop for the All-Stars.

Daly City Merchants played the Roosevelt cafe, an all colored baseball team from Oakland, Sunday, on the Jefferson diamond, beating them 17-7.

Jefferson's footballers met in the annual "Pussy Cat" game, Friday, on the Jefferson gridiron.

The boys of last year's Frosh-Soph and second string, who will form Jeff's Varsity eleven for 1940, gave the old-timers a 6-0 beating, which was the reverse of what is expected when veterans meet novices.

Showing to advantage on the new Varsity was Leekof, and a newcomer to the Jefferson grid, Virgil Slatt. Coming back to Jefferson for the day were Buster Eldrup and Bob Christian, both Spring graduates, to take their places on the team.

The game is held every year for the benefit of the football medical fund.

Giant Rodeo On Treasure Island

The World's Fair Rodeo committee, composed of members of the San Mateo Sheriff's posse and headed by William Enright, have completed plans for the giant three-day rodeo on Treasure Island, August 30 and 31 and September 1.

Events, which include every known rodeo competition, will be on the program, and purses have been decided upon. Entry blanks were sent out several weeks ago and replies have been received from Cheyenne, Pendleton and Denver.

Bucking stock, Brahma steers, calves, and steers for bulldogging have been contracted for and judges have been contacted.

"It isn't every year that there is a 'World's Fair Rodeo'," says Eddie Allen, local member of the committee, "and we intend to make this three-day event one that will be well remembered."

Bethel Honors Supreme Guardian

Friday evening a dinner was given at the Southern by the council members of Bethel 26, Order of Job's Daughters, to honor their Supreme Guardian Mrs. Stella Jensen and her husband, Mattrup Jensen. After the dinner the guest of honor and her party adjourned to Masonic temple in Daly City, where a beautiful and impressive reception was given Mrs. Jensen by the members of Bethel 26.

The Misses Katherine Hosking, Natalie Lasky, Muriel Hollingsworth and Iona Allen acted as escorts throughout the presentation of the supreme guardian and the many other distinguished visitors at the reception.

Those escorted for introduction included Guardian and Associate Guardian of Bethel 26 Mrs. Alice Swensen and Roy Friedrichs and Honored Queen Miss Bernice Peterson.

Stella L. Jensen, supreme guardian, was escorted and presented with a beautiful corsage of white carnations, and a shower fan of handkerchiefs, a gift from the bethel members. The beautiful fan was trimmed with lilies of the valley and pink roses.

Escort of the grand guardian, Emily Champreux, Stockton, California, was followed by the escort and presentation of Ida B. Smith, past supreme guardian; Lorraine Junge, Frances Hanford, Effie Johnstone, June Huff, Mabel Bowen and Mabel Matthiesen, all present grand officers, and M. Jensen, Dr. James Rae, Edgar Middleton and Clyde E. Bowen, past associate grand guardians. Worthy Matron Dorothy Gebhardt, Associate Matron Tillie Herringa, and Associate Patron Robert Herringa of Crocker Chapter, Order Eastern Star, were also presented. Grand Electa of the Grand Chapter Order Eastern Star Mrs. Rose Friedrichs was escorted and given a hearty welcome.

A tribute to Mrs. Jensen in song was rendered by the members of Bethel 26 and the presentation of a beautiful suede purse was made. Mrs. Jensen responded with words of appreciation for the loyalty exemplified by these bethel daughters, council members and friends and gave an interesting resume of her recent trip to Canada in behalf of the Order of Job's Daughters.

The grand guardian gave an interesting talk on the progress of the order in this state.

Many daughters, past queens and visitors added to the impressiveness of the evening and a splendid program of dancing, reading and songs entertained the many guests.

Treats for Father's Day

By BETTY BARCLAY

Father's Day is not as old a holiday as Mother's Day, but it is rapidly increasing in popularity. Think of Dad on June 16, and cater to the "inner man" as you catered to Mother on May 12. The recipes featured below will help in planning a menu that will please Dads anywhere.

Hawaiian Chicken Dish

Fricassee chicken in the usual way, adding a slice of onion, salt and pepper for flavoring and a cup of diced celery. When chicken is tender, remove from pan and strain broth. Discard onion but reserve celery for casserole. Place slices of broiled sugar-cured ham in the bottom of a large casserole, adding 2 well-drained Hawaiian pineapple gems and 2 canned artichoke hearts for each serving, the celery and chicken (which has been removed from the bone). Skim fat from broth and use broth in making fricassee sauce. Melt 2 tablespoons of butter and stir in 2 tablespoons of flour for each cup and a half of broth. Stir until smooth and slightly thickened. Pour over chicken in casserole. Prepare dumplings in the usual way. Add ground cooked chicken livers or calves liver. Drop on top of casserole mixture. Cover and place in a moderately hot oven (400° F.) for 15 minutes or until dumplings are done. Before serving sprinkle with freshly grated coconut which has been toasted. Serve with boiled rice.

Yield: A stewing chicken weighing 4¼ pounds (dressed weight) will serve six.

Orange Marshmallow Pudding
(Serves 6-8)

3 cups orange juice, strained
1 pound (about 60) marshmallows, quartered

Heat in top of double boiler until marshmallows are melted. Do not overheat orange juice. Pour into serving dishes over:

Segments from 3 or 4 oranges

Set in cool place to stiffen. Serve with:

Whipped cream and Maraschino cherries for garnish

Variation: When slightly jellied, add:

2 egg whites, stiffly beaten

Father's Day Punch

4 cups freshly made, chilled decaffeinated coffee
1½ pints ice cream
Grated nutmeg

Pour the decaffeinated coffee over a pint of ice cream in a punch bowl or big mixing bowl, and blend lightly with an egg beater until the ice cream is partly melted. Add additional ice cream in spoonfuls to the punch. Sprinkle with grated nutmeg. Vanilla, coffee, or chocolate ice cream combines well with the coffee flavor.

To make decaffeinated coffee by the percolator method, use 1½ heaping tablespoons ground decaffeinated coffee for each cup (½ pint) of water. Pour cold water into pot of percolator. Set percolator basket in pot and put coffee in it. Cover. Let percolate slowly and gently 10 to 15 minutes. (To obtain full strength of decaffeinated coffee, percolate 15 to 20 minutes). Pour coffee over cracked ice.

Decaffeinated coffee may be made by any other method, i. e., steeped, drip, or boiled, using the same proportions of coffee and water. Extra-strength coffee is necessary on account of the melting ice. Always use freshly made coffee. A decaffeinated brew ends the dilemma of coffee lovers who like to indulge in second or third cups without worrying over sleeping problems.

Nickel in Television

Television promises a new outlet for nickel. Vital as the device that translates the electrical impulses into visual patterns, the cathode-ray tube may require up to eight times as much nickel in its construction as does the conventional wireless tube. Associated with it in the receiving set are 18 to 36 radio tubes, as compared with 4 to 16 employed in the metal and its alloys are also used in the transmitting equipment.

Posse Enters Tug-Of-War Contest

Some folks like football for a thrill, others like baseball, ice hockey or midget racing, but according to Eddie Allen, local horse owner and member of the San Mateo County Sheriff's posse, there's nothing as exciting as a tug-of-war on horseback.

Five riders of the posse are practicing this week in Colma, getting ready to meet the Contra Costa County Sheriff's posse in a tug-of-war at the Marin horse show at San Rafael, Sunday.

A team consists of five riders, whose mounts have neither bridle nor saddle. The horses are managed with only a halter. "It's a tricky business," says Allen, "and calls for considerable cooperation between rider and horse."

A case of champagne goes to the winning riders—and to the winning horses, a dozen lumps of sugar and an additional measure of oats for supper.

Included on the team will be Vic Rossi and Bill Cresta, Colma; Fred Hobbs, San Mateo; "Brandy" Cunningham, San Bruno, and Dick Clark, Redwood City.

Colma Horsemen To View Palaminos

Colma horse enthusiasts are all agog today expecting the arrival of Frank Welton, famous horse breeder from Twin Falls, Idaho.

Specializing in Palaminos, a horse that is fast becoming one of the more popular breeds, Welton is bringing five two and three year olds with him for exhibition and sale.

A large turnout of local and Peninsula horse lovers is expected to view and probably to ride these thoroughbreds, which are already broken to saddle.

Bow and Arrow Hunter

At 30 yards with bow and arrow—too close to be comfortable—Charles ("Tex") Stone of Dallas has bagged one of the largest mountain lions ever killed in Texas. Stone uses the risky, ancient weapon because an arrow, he says, does less damage to museum specimens and that is what he stalks. Tanned, slender, partly bald and 39 years old, Stone estimates he has killed 400 wild animals in Africa, South America, India, Australia, Mexico and the United States since 1920. All were shot at a range of less than 35 yards. He bagged a male mountain lion that weighed 220 pounds in the Fort Davis mountains.

Lembi's Indians In Semi-Finals

Wayne and Fred Chapin and Al Marcucci, crooners with Lembi's Indians of Rhythm, appeared in the semi-final contest of Bennie Walker's amateur program on KGO last Monday.

If they win in the finals they will receive a week's paid engagement at the Golden Gate theatre in San Francisco.

After being heard on the radio program by the Half Moon Bay high school senior prom committee, the three singers were invited to help entertain on the senior program there, Thursday.

Angelo Ditty, "Indian's saxophonist," was nosed out of qualifying for the semi-finals by only fifty votes, for his performance on Walker's program, last week.

On Monday, Donald Thompson, another Lembi protege, delighted thousands of listeners when he played a saxophone solo, "Manhattan Serenade" on KGO. Thompson showed remarkable versatility and tone coloring in his playing.

Next Monday, Gerald Robertson, also of the "Indians," will appear with Walker's amateurs. Robertson was one of the quartette that won in the finals on that program last year.

"Since last August," remarked Maestro Dante P. Lembi, "the Indians have made eighty-two appearances. This does not include numerous school activities in which they have appeared."

Doubles in Mirrors

The balcony of the Forum restaurant, which opened recently in Chicago, is designed as half a room, but diners feel that they are in a whole room twice as large. The room is "completed" by reflection from a huge plate glass mirror which covers one wall. The lighting fixture is a half-circle of plate glass, also "completed" by the mirror.

To the People of Daly City:

We wish to take advantage of the columns of the Daly City Record to express our deep appreciation for the very gratifying response accorded us as Write-in Candidates for the office of High School Trustee at the election held Friday, June 7, 1940.

It is regrettable that we were unable to file our intention to run for office in time to have our names on the ballot, but nevertheless we are greatly indebted to our many friends who took the trouble to go to the polls on our behalf. To our successful opponents, Mrs. Stella Jensen and Mr. Andrew Vireno, we extend our heartiest congratulations and best wishes for an active term of office.

Sincerely,
Paul Green.
Peter J. Markovich.

Summer Season Opens Monday At Jeff Hi Pool

Summer season opens Monday at the Jefferson Union high school pool, with a "Learn to Swim" campaign sponsored by the American Red Cross. Included in the program will be classes for beginners, instruction in life-saving, and classes for swimmers who wish to improve stroke, breathing and speed.

Miss Juanita Young, who instructed classes totaling 250 swimmers last year, will again take charge. Miss Young is a registered Red Cross life saving examiner.

Classes will be held in the morning, with one morning each week set aside for life saving work. A small service charge covers admission, suit, towel, shower and instruction.

A special instruction period for beginners will be held each day from 1:30 to 2 p. m. Entrants must register at the high school to join the groups.

Regular pool hours will be every week day from 2 to 5 p. m. and 7:30 to 9:45 p. m. with the exception of Saturday evening. Wednesday is set aside as wonen's night.

The Jefferson pool, including laundry, showers, filtering plant and infection preventing mats, constitutes one of the most complete and sanitary swimming plants in the Bay area.

The filtering plant, which operates constantly, is capable of filtering the entire pool in eight hours. No suits or towels are brought in from the outside, but suits and towels laundered in Jefferson's modern laundry are used by the swimmers.

Details of instruction classes can be obtained by telephoning the pool office at RAndolph 9898.

Water Pressure Blows Out Pipe

High water pressure blew out a pipe at Bismark and Mission streets, giving the Daly City Water department a busy hour last Tuesday morning.

The break occurred in a street supply line from the main eight-inch pipe which leads from Reservoir No. 3 to the Colma area. The main pipe was shut off during the repair job, while the water department stood by to turn on Reservoir No. 1 in event of fire in the Colma area.

Pressure from Reservoir No. 1 is ordinarily too high for safety in the low south district, but can be utilized in event of an emergency, Water Superintendent Arthur J. Bodien explained.

Under Bodien's direction the break was repaired and normal service resumed in an hour.

No fuss, no bother is this Quick Tomato Jelly

Dorothy Greig

IN cooking, so many dishes require effort that it's a real joy to find an occasional one that practically makes itself.

This Tomato Jelly Salad is like that. It's a quickie that can be put together even during such distractions as caused by a pot boiling over, the back door bell ringing and howls from the baby. It has a bright lively flavor and looks pretty on the plate nested in crisp greens.

1 package lemon-flavored gelatine
1 cup hot water
1 cup tomato juice

Pour the boiling water over the lemon-flavored gelatine and stir until dissolved. Then add the tomato juice. Pour in a mold and set in the refrigerator until firm.

Fill center with lettuce. Serve with mayonnaise, salad dressing or horseradish dressing.

Home Highlights

A charming version of the modern dressing table is this one of clear and mirrored plate glass combined with painted wood. An excellent choice for a young girl's room, the table is so decorative it can easily become the focal point of interest in the room. Note how the mirror in its old gilt frame harmonizes with the graceful kidney shape top which is of mirrored peach plate glass.

Ancient Reptile Skeleton

The skeleton of a reptile that lived in the middle Permian period, 200,000,000 years ago, has been mounted in the Transvaal museum at Pretoria, South Africa. The work of mounting the skull, 26 vertebrae, shoulder girdle and the right hind leg required 20 years.

Increase State Fair Premiums

Substantial increases in premiums in important classes in the livestock division are listed in the 1940 premium book of the California State Fair just off the press. This year's fair dates are August 30 through September 9.

Among the featured increases is one of $1500 in the draft horse division. Belgians, Clydesdales, Percherons and Shires share equally in the increase, and there is a special added class for non-breeders and cross bred mares.

Premiums in agriculture, horticulture, minerals and other classes, as well as special county booth exhibit premiums, are also substantially larger.

Detailed information regarding the premium list or other State Fair particulars will be furnished all who desire information, Kenneth R. Hammaker, secretary-manager, explained in outlining premium changes.

Utility Power Plants

Public utility power plants now require close to 50,000,000 tons of coal annually for their operation, but that amount is only half of what would be needed by equipment of 20 years ago in producing the same amount of electricity.

Aviation Employment Up

As the result of sharp increases in both foreign and domestic airplane orders, California's aviation industry is employing 60 per cent more men than a year ago.
